Triflex Chips Design

52 Farben. Unzählige Möglichkeiten. 52 Colours. Countless possibilities.

Farben setzen auf Balkonen, Loggien und Laubengängen Akzente. Sie verleihen eine individuelle Ausstrahlung und unterstreichen die Architektur des Gebäudes. Das Farbspektrum des Triflex Chips Designs bietet Ihnen 52 verschiedene Farben und drei verschiedene Oberflächen. Triflex Abdichtungslösungen schützen Ihre Bausubstanz langfristig vor eindringender Nässe und Feuchtigkeit. Egal ob Sanierung oder Neubau, wir haben die passende Lösung, an der Sie lange Freude haben.

Colours serve to accentuate balconies, loggias and walkways. They give them a character all of their own and emphasise the architecture of the building. The colour range of the Triflex Chips Design offers you 52 different colours and three different surface finishes. Triflex waterproofing solutions give the structure of your building long-term protection against penetrating damp and moisture. Whether a new build or refurbishment, we have the perfect solution you can enjoy for many years to come.

Das hochelastische Material unserer Flüssigkunststoff-Systeme meistert die mechanische Punktbelastung durch Stühle oder Tischbeine problemlos.

The highly elastic material of our liquid applied waterproofing systems can cope with mechanical point loads from chairs and table legs with no problem at all.
